Intellectual output 1

Learning Material: Plastics in Europe

- Refers to high school teachers
- The output consists of the systematization of the methodological tool, practical actions and best practice experiences
- Developed by non-High Schools, with the cooperation of all partners
- The IO1 will be a book/publication with at least 60 pages
- Leader – University of Maribor
- **Five modules:**
 - general information about plastic related to the production and widespread use of plastics
 - plastic waste, covering the impact it has on the entire planet
 - how to reduce plastic waste – reuse and recycle
 - a link will be made between the use of plastics and climate change
 - active strategies for secondary schools.

BROCHURE AND NEWS

BROCHURE
 Brochure will be written in English and national languages of participants. The ReLearn Plastic brochure will provide an introduction to the project's objectives, main stages and activities, partnership, project webpage and social media accounts. It will be designed at the beginning of the project for maximising the promotion of the project at the beginning. It will be distributed in each Multiplier Events and personal meetings with stakeholders. It will be printed on paper free of plastic (50 pieces per country).

Leader: creation of the brochure, SB and EN version and printing: OKOSP
 Translation and printing: University of Maribor: CRESOL CSI

NEWS/PRESS RELEASES
 2 articles and/or TV/radio interviews will be given during the 2 years of the project in each country in order to reach the professional and general public. 8 articles in total. All the produced material will be placed on the website, published on social media platforms.

Partners will write the articles, press releases or organise the journalists to produce the news, organise and give TV/radio interviews.
 Coordinator: University of Maribor will coordinate the supervise the realization of articles.
 Items: all partners will be in charge of their own articles and news.
